PROFESSIONAL SUMMARY

Results-driven Senior Product Manager with 5+ years of experience delivering Gen AI and digital health solutions. Proven track record generating \$17M+ in revenue across 4 client projects, leading agile teams, and executing product roadmaps for Generative AI adoption. MBA from IIM Calcutta (CAT 99.69 percentile). Certified PMP, CSPO, and AWS CCP professional with expertise in LLM agents, prompt engineering, and cloud cost optimization.

EXPERIENCE

Senior Manager — EXL Service | Noida, India (Remote)

Oct 2024 – Present

- Created and executed a 12-month Gen AI roadmap for EXL's Healthcare solutions; evaluated 6 POCs and advanced 4 to MVPs
- Generated ~\$17M in revenue across 4 client projects through cross-functional collaboration with development, security, compliance, and SME teams
- Managed 2 agile teams (7 members each); gathered and prioritized product requirements, defined vision, and delivered MVPs showcasing Gen AI-powered applications for process efficiency and cost reduction
- Improved sprint velocity by 35% by implementing AI coding assistants (GitHub Copilot, Claude Code, Nemoclaw) and designing developer onboarding and training programs
- Designed Python-based agent evaluation frameworks across accuracy, completeness, policy adherence, clinical relevance, and reasoning; executed automated test harness on 100+ synthetic scenarios
- Accelerated build cycles by 21% by leading an architecture guild (6+ architects) to standardize LLM integration patterns and eliminate redundant development across 4 product lines
- Achieved 28% reduction (~\$64K) in annual R&D; cloud costs within 3 months through compute optimization and VM auto-shutdown pipelines

Manager — EXL Service | Noida, India (Remote)

Jul 2021 – Sep 2024

- Published 12+ monthly industry research newsletters to prompt strategic opportunity identification for VP+ leadership
- Managed 6 Healthcare conferences end-to-end, from messaging to professional outreach and VP+ networking
- Improved DSO from 94 to 85 days by reviewing outstanding invoices and implementing ACH reconciliation systems
- Ensured accurate resource alignment and cost allocation; reviewed and closed ~400 inactive project cost codes

Management Intern (Sales) — Prione Business Services Ltd. (Amazon Subsidiary) | Bangalore, India (Remote)

May 2020 – Jul 2020

- Analyzed 11,000+ seller launches; developed the CAN Framework to evaluate seller potential with 90% accuracy
- Identified 500+ high-value leads; launched 200+ HV/Brand sellers with avg. GMS of \$120K; improved TAT ~20% and sales productivity ~17%

Process Engineer — Sai Life Sciences Ltd. | Hyderabad, India

Jul 2018 – Jun 2019

- Scaled 2 API intermediary products from lab to manufacturing (25x and 60x scale); delivered products worth ~\$35M

PROJECTS

- AI-Powered CRM: Developed an end-to-end AI-powered CRM for managing sales pipelines and customer interactions (~60,000 LOC); demonstrated full-stack software and Gen AI application skills
- Influencer Management Platform: Selected as Semifinalist in 100x Engineers Buildathon 2.0 for building an AI-powered platform to discover influencers, manage outreach, and streamline brand workflows

EDUCATION

MBA, General Management — Indian Institute of Management Calcutta (IIM-C) | Jun 2019 – May 2021

- CAT 99.69 percentile (out of 2.1L candidates); developed subscription model for 1-day delivery across 21 cities for Udaan
- Authored case study on MG Motors' entry strategy in the Indian SUV market; received A+ grade

B.Tech, Chemical Engineering — NIT Surathkal (NITK) | Aug 2014 – May 2018

- Awarded IOCL Educational Scholarship (INR 1.44 Lakh) among 300 students for all 4 years of undergraduate study

SKILLS

Product Management: JIRA, Azure DevOps, Product Roadmaps, PRDs, Agile/Scrum, Stakeholder Management | **AI/ML:** Python, LLM Agents, Prompt Engineering, Evals, Fine-Tuning, Chatbots | **Cloud & Infra:** Azure, GCP, Databricks, AWS | **Productivity:** Cursor, GitHub Copilot, MS Office Suite
